

Side Access Housing (SAH)

PureAIR
FILTRATION

Quick Access, Low Maintenance

The PureAir Filtration Side Access Housing system provides compact horizontal airflow that can handle 850 - 67,960 CMH (500 - 40,000 CFM). This system is known by its quick access doors which allow a low maintenance profile when media and filter changeouts are needed. The SAH is able to use PureAir PurePak Modules as well as PureAir Matrix Filters. This is also our most customizable system, offering up to 3 media passes, redundant blowers, and an array of sizes, and configurations.

BENEFITS	FEATURES
Compact	Horizontal airflow system. 850 - 54,368 CMH (500 - 32,000 CFM)
Integral	Connect with customer's HVAC system
Highest filtration efficiency	Positive seal, prevents air bypass
